Dear Principals,

Greetings and warm wishes for good health, safety and peace.

WRT the above cited subject, the university has approved the following decision,

o Students of CBCS 2016 syllabus who have taken drop in FY, SY and TY B Pharm course need to PASS in all the subjects of the same syllabus and those who PASS the CBCS 2016 syllabus can be allowed to integrate with the CBCS Revised 2019 syllabus.

o Once in Revised 2019 syllabus the rules of cumulative GPA will be applicable to those students.

The SGPA of CBCS syllabus 2016 will be carried forward to R-2019 to calculate the final CGPA.

▪ While integrating students from Syllabus 2016 to syllabus R-2019, bridge courses shall be conducted at the Institute level. The institute shall conduct examination and issue certificate of completion of bridge courses with credits assigned. These credits shall be entered in the marksheet separately, **however the credits shall not be considered in calculation of SGPA and subsequently CGPA.** Successful completion of these bridge courses is mandatory for the award of B pharm degree to the students integrated from syllabus 2016 to syllabus R-2019.
