The Academic Year 2021-22

E-Governance in the field of the educational sector has changed the way of administration. The data and processes model of an educational Institution makes the process easy, well-organized, and hassle-free. This is designed to make the system user-friendly, time-saving, and cost-effective too. It helps in improving transparency, providing speedy information, and dissemination. Along with this e-governance also aids in improving administrative efficiency and public service in all aspects of education. The institution was successful in implementing the following services this year. The details of e-governance with respect to this year are as follows:

ADMINISTRATION

Sr. No.	Name of the Service	Area of Operation
1	Biometric enrolment	As a part of computerization and digitization of the activities of the Institute, Biometric system is introduced in 2012 for recording the attendance of the staff of the Institute. The institute has implemented eTime TrackLite system to monitor the attendance as well as working hours of teaching and supporting staff.
2	Student record	With the aid of Perfect Education System, it is easy to cater to student-related services such as Student data entry, Fee details, Fee reconciliation, and Receipt generation. Various certificates such as Bonafide, Character, Transfer, and Leaving certificates can be generated, and records of the same are maintained by the software.
3	Store records	Records pertaining to recurring and nonrecurring items are maintained through Advantech software. This includes stock as well as deadstock entry. Records related to the requisition and issue of recurring items is maintained.
4	Digital library	The central library is fully automated using Easylib advanced multi user software. This software facilitates the users to make new entries, give the accession number, barcoding, search catalogue (OPAC), enrolment of members, Circulation, book bank facility, Reports related to circulation, and fine. The software also provides access to the digital version of e-resources such as DELNET, epathshala, and National digital library.

5	Vmedulife	The institute has completely digitalized its entire academic management through Vmedulife cloud software. The office automation module includes Enquiry, Student admission record, Bonafide, and Leaving certificates.

The Academic Year 2020-21

E-Governance in the field of the educational sector has changed the way of administration. The data and processes model of an educational Institution makes the process easy, well-organized, and hassle-free. This is designed to make the system user-friendly, time-saving, and cost-effective too. It helps in improving transparency, providing speedy information, and dissemination. Along with this e-governance also aids in improving administrative efficiency and public service in all aspects of education. The institution was successful in implementing the following services this year. The details of e-governance with respect to this year are as follows:

ADMINISTRATION

Sr. No.	Name of the Service	Area of Operation
1	Biometric enrolment	As a part of computerization and digitization of the activities of the Institute, Biometric system is introduced in 2012 for recording the attendance of the staff of the Institute. The institute has implemented eTime TrackLite system to monitor the attendance as well as working hours of teaching and supporting staff.
2	Student record	With the aid of Perfect Education System, it is easy to cater to student-related services such as Student data entry, Fee details, Fee reconciliation, and Receipt generation. Various certificates such as Bonafide, Character, Transfer, and Leaving certificates can be generated, and records of the same are maintained by the software.
3	Store records	Records pertaining to recurring and nonrecurring items are maintained through Advantech software. This includes stock as well as deadstock entry. Records related to the requisition and issue of recurring items is maintained.
4	Digital library	The central library is fully automated using Easylib advanced multi user software. This software facilitates the users to make new entries, give the accession number, barcoding, search catalogue (OPAC), enrolment of members, Circulation, book bank facility, Reports related to circulation, and fine. The software also provides access to the digital version of e-resources such as DELNET, epathshala, and National digital library.

The Academic Year 2019-20

E-Governance in the field of the educational sector has changed the way of administration. The data and processes model of an educational Institution makes the process easy, well-organized, and hassle-free. This is designed to make the system user-friendly, time-saving, and cost-effective too. It helps in improving transparency, providing speedy information, and dissemination. Along with this e-governance also aids in improving administrative efficiency and public service in all aspects of education. The institution was successful in implementing the following services this year. The details of e-governance with respect to this year are as follows:

ADMINISTRATION

Sr. No.	Name of the Service	Area of Operation
1	Biometric enrolment	As a part of computerization and digitization of the activities of the Institute, Biometric system is introduced in 2012 for recording the attendance of the staff of the Institute. The institute has implemented eTime TrackLite system to monitor the attendance as well as working hours of teaching and supporting staff.
2	Student record	With the aid of Perfect Education System, it is easy to cater to student-related services such as Student data entry, Fee details, Fee reconciliation, and Receipt generation. Various certificates such as Bonafide, Character, Transfer, and Leaving certificates can be generated, and records of the same are maintained by the software.
3	Store records	Records pertaining to recurring and nonrecurring items are maintained through Advantech software. This includes stock as well as deadstock entry. Records related to the requisition and issue of recurring items is maintained.
4	Digital library	The central library is fully automated using Easylib advanced multi user software. This software facilitates the users to make new entries, give the accession number, barcoding, search catalogue (OPAC), enrolment of members, Circulation, book bank facility, Reports related to circulation, and fine. The software also provides access to the digital version of e-resources such as DELNET, epathshala, and National digital library.

STUDENT ADMISSION AND SUPPORT

Sr. No.	Name of the Service	Area of Operation
1	Student record	With the aid of Perfect Education System, it is easy to cater to student-related services such as Student data entry, Fee details, Fee reconciliation, and Receipt generation. Various certificates such as Bonafide, Character, Transfer, and Leaving certificates can be generated, and records of the same are maintained by the software.
2	Digital library	The central library is fully automated using Easylib advanced multi user software. This software facilitates the users to make new entries, give the accession number, barcoding, search catalogue (OPAC), enrolment of members, Circulation, book bank facility, Reports related to circulation, and fine. The software also provides access to the digital version of e-resources such as DELNET, epathshala, and National digital library.

The Academic Year 2018-19

E-Governance in the field of the educational sector has changed the way of administration. The data and processes model of an educational Institution makes the process easy, well-organized, and hassle-free. This is designed to make the system user-friendly, time-saving, and cost-effective too. It helps in improving transparency, providing speedy information, and dissemination. Along with this e-governance also aids in improving administrative efficiency and public service in all aspects of education. The institution was successful in implementing the following services this year. The details of e-governance with respect to this year are as follows:

ADMINISTRATION

Sr. No.	Name of the Service	Area of Operation
1	Biometric enrolment	As a part of computerization and digitization of the activities of the Institute, Biometric system is introduced in 2012 for recording the attendance of the staff of the Institute. The institute has implemented eTime TrackLite system to monitor the attendance as well as working hours of teaching and supporting staff.
2	Digital library	The central library is fully automated using Easylib advanced multi user software. This software facilitates the users to make new entries, give the accession number, barcoding, search catalogue (OPAC), enrolment of members, Circulation, book bank facility, Reports related to circulation, and fine. The software also provides access to the digital version of e-resources such as DELNET, epathshala, and National digital library.
